I didn't expect it.</p> <p>I would love to do more collaborating - I so appreciate this type of humor/commentary! Unfortunately, the particular inspiration just has to hit me. I'm sure I can review lots of legal terms in this are and come up with quite a few attempts. How about a definition for "rights"? I'll work on that one. I'm sure others here with more background in therapy can come up with more too.</p> <p>Have you ever read the linguist Jeffrey Nunberg or heard his commentaries on NPR? He has some good perspective on how we use words in this culture.</p> <p>Kaleo</p>
